

Communities Caring for Elders

**Como Park/Falcon Heights Block Nurse Program
strategic plan**

2019-2023

Adopted by the Board of Directors: July 9, 2019

Mission

The Block Nurse Program links older adults in the Como Park/Falcon Heights area with community resources, using staff and volunteers. Our services support independence, increase opportunities for socialization, and promote safety for adults as they age.

Organizational Niche

The Como Park/Falcon Heights Block Nurse Program (CPFHBNP) has many characteristics that, when combined, make it unique in the field of community-based services to older adults. CPFHBNP is:

- Neighborhood-based
- Relationship-based
- Client/person-centered
- Continuum of services and activities
- Partnership and collaboration

Service Population

The Como Park/Falcon Heights Block Nurse Program (CPFHBNP) exists to serve the needs of older adults in the context of their families and communities. Thus, the CPFHBNP identifies its service population as:

- Older Adults (primary)
- Caregivers (secondary)
- Community connectors (tertiary)

Core Values

Choice

We respect the dignity and autonomy of those we serve to choose to remain in their homes and communities in which they live and love.

Inclusion

We commit to services that are effective, compassionate, and inclusive of all, regardless of ability to pay.

Quality

We put our clients first and our program quality is based on our demonstrated commitment, integrity, and credibility in our service communities.

Whole Person

We honor the needs and desires of the whole person, in the context of his or her family, caregivers, and community.

Whole Community

We are good neighbors that believe our communities wish to support their older neighbors, that collaboration is essential, and that older adults are key contributors to healthy communities.

Vision 2023

The Como Park/Falcon Heights Block Nurse Program (CPFHBNP) is known throughout its community as a good neighbor that welcomes, honors, and engages older adults in opportunities and activities that encourage health, wellness, and community contribution. Through community partnership, CPFHBNP provides client-centered, family-supported, and neighborhood-based supports that interrupt social isolation, honor diversity, and are responsive to the changing needs of older adults. CPFHBNP is a collaborative leader in supporting and promoting block nurse programs as effective, relevant, and dignified options of care. CPFHBNP celebrates, encourages, and supports each older adult's decision to live, learn, and play in the community of their choice.
